

INSTRUCTION SHEET

Enclosure Labels

Description

When installing a Panel PCB into an enclosure, attach the included Wiring Diagram and FCC label as shown.

Installing the Wiring Diagram

1. Peel the backing from one corner of the Wiring Diagram.
2. Place the corner on the inside of the enclosure door.
3. Continue peeling the backing and press the Wiring Diagram into place.

Installing the FCC Label

1. Close the enclosure door.
2. Peel the backing off of the FCC Label.
3. Place the FCC Label on the outside top of the enclosure.
