

QUICK START GUIDE

SecuritySensor™ Motion

Once you have logged into your Virtual Keypad App™ and plugged in your keypad, use this guide to install your motion sensor.

1 PLACE THE SENSOR

ON FLAT SURFACES

Remove the double-sided tape backing from the back section of the sensor. Place the sensor high on a wall (no higher than 8 feet) for the best coverage.

ON CORNERS

Remove the double-sided tape backing from the angled edges of the sensor. Place the sensor high in the corner of the room (no higher than 8 feet) for the best coverage.

2 CONTINUE TO THE NEXT SENSOR

Continue installing the rest of your sensors, then select the Continue button on the Virtual Keypad App™ to add a user code and complete the installation.
