

7-Inch Touchscreen Keypad

Why choose any other keypad when you can have access to all your cameras and so much more!

The 7-Inch Keypad is a win-win for you, your family and your employees!

SECURITY

- Arm and disarm with new user interface
- **Hardwired** and **Wi-Fi capable** so you don't have to worry about lost connectivity
- POE option provides a more secure connection with no need for separate power adapters or outlets near the keypad.

VIDEO

- Protect your families and employees with options to **view video through the keypad**

AUTOMATION

- Bluetooth arm and disarm
- Simplify home automation
- Control lights, locks and thermostats with ease
- Favorite controls

Choose the keypad that makes it easy to ensure your premises are safe and secure.
