

# VUE Video Doorbell

The First Line of Defense

Choose a video doorbell that does much more than just show who's at your door. Enhance your security with a video doorbell that offers real-time video streaming, advanced AI motion detection and seamless integration with Virtual Keypad — the familiar app you already use every day.

- Instant AI-triggered alerts
- High quality video
- Fully integrated with the security system

## INSTANT, ACTIONABLE AWARENESS

See and speak with visitors from anywhere. Get the right alerts at the right time with smart, meaningful notifications. Use AI-triggered alerts to detect people, vehicles and packages. No false alarms. No wondering what that noise was. Nothing important will be missed. VUE Video Doorbell offers deterrence and evidence when you need it most.

## CLEAR, RELIABLE VISUALS

See who's there day or night, with 3K video and night vision. The wide-angle lens and high-definition quality keep you informed at all times. Your front door should never be a question mark.

## PRIVACY & RELIABILITY

Secure streaming and encrypted communication keeps data protected. Whether welcoming a guest, directing a delivery or ignoring a solicitor, you can trust that your home and your lifestyle are safeguarded.

## SECURITY & CONTROL

VUE Video Doorbell is integrated with Virtual Keypad, combining video and intrusion in one unified experience. Remote access allows you to answer your door from anywhere via your smartphone.
