

NDAA Compliance Statement

The IP security cameras supplied by Digital Monitoring Products, Inc. are compliant with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), as amended.

Specifically, the products:

- Do not use, incorporate, or contain telecommunications or video surveillance equipment manufactured by:
 - Huawei Technologies Company
 - ZTE Corporation
 - Hytera Communications Corporation
 - Hangzhou Hikvision Digital Technology Co., Ltd.
 - Dahua Technology Company
 - or any subsidiaries or affiliates of these entities as identified by the U.S. Government.

Furthermore, Digital Monitoring Products, Inc. certifies that these products are not produced by an Original Equipment Manufacturer (OEM) utilizing prohibited components or firmware from the above-listed entities and are suitable for procurement by U.S. federal agencies and organizations subject to Section 889 requirements.

This statement is based on manufacturer documentation and supply chain verification available as of the date of this certification.
