VUE Cameras

V-7051-D (Dome)
V-7051-BD (Bullet)
V-7051-TD (Turret)

Benefits

- Capture greater detail for retail and commercial applications
- Actively deter unwanted behavior with integrated lighting and audio
- Enable faster, more confident alarm verification with 5MP video
- Provide a cost-effective alternative to traditional commercial camera brands
- Expand recurring revenue opportunities for dealers through advanced video services

Features

- 5MP resolution for enhanced image clarity
- PoE and 12VDC powered bullet, turret and dome cameras
- Video verification
- ONVIF compliant
- Built-in deterrence lighting on bullet and turret models
- Advanced video analytics including person and vehicle detection
- Integrated microphone on all models
- Two-way audio included on bullet and turret models
- NDAA compliant

VUE CAMERAS

Record the Events That Matter

THE POWER OF VUE VIDEO

The VUE 5MP Camera line expands DMP's video portfolio with higher-resolution, commercial-grade options designed for demanding environments. Built to support medium to large commercial installations, retail and QSR locations, VUE Cameras deliver the clarity, durability and analytics dealers expect from traditional camera manufacturers — fully integrated into the DMP ecosystem.

- 5MP resolution across all models
- Available in bullet, turret and dome form factors
- Designed for high-end residential and commercial installations

ADVANCED DETECTION WITH VIDEO ANALYTICS

VUE Cameras utilize intelligent video analytics to actively identify relevant activity rather than recording hours of passive footage. Analytics include person and vehicle detection with multiple analytic types supported depending on installation needs.

- Region detection
- Line crossing

ACTIVE DETERRENCE

Select VUE Camera models incorporate integrated deterrence lighting and two-way audio to help stop incidents before they escalate. Red and blue or white deterrence lights combined with a built-in speaker allow users to actively respond to suspicious activity in real time.

VIRTUAL KEYPAD™

VUE 5MP Cameras integrate seamlessly with Virtual Keypad, giving users improved performance and responsiveness compared to previous DMP camera lines. With higher resolution video and advanced analytics, users can more quickly identify events and take action from anywhere.

- View live and recorded video clips
- Review events tied to analytic detections
- Verify alarms faster with clearer, more detailed footage
- Manage video through the Virtual Keypad mobile app and web interface
- VIdeo Verification

	TURRET	BULLET	DOME
Image Sensor	1/2.7” Progressive Scan CMOS		
Max Resolution	5MP, 2880(H) × 1620(V)		
Focal Length	2.8 mm		
IP Protocol	IPv4/IPv6, HTTP/HTTPS, DDNS, PPPoE, RTSP/RTCP RTP, TCP/UDP, NTP, IGMP, 802.1x, SNMP		
Power	12 VDC (-15% to +25%) / PoE (802.3af)		
Power Consumption	Typical: approx. 2.8 W (PoE) Max (with IR or Warm Light + Speaker + Red/Blue Lights on): approx. 12.5 W (PoE)	Typical: approx. 2.8 W (PoE) Max (with IR or Warm Light + Speaker + Red/Blue Lights on): approx. 12.5 W (PoE)	Typical: Approx. 2.5 W (PoE) Max: approx. 5.7 W (PoE)
Weight	0.95 lb	1.28 lb	1.05 lb
Dimensions	4.37” × 3.97”	7.40” × 3.15” × 3.03”	4.33” × 3.36”
Operating Temperature	-22°F to 140°F		
Operating Humidity	Less than 90% RH	Less than 90% RH	Less than 95% RH
PoE	Yes	Yes	Yes
12VDC	Yes	Yes	Yes
Deterrence Lights	Red & Blue/White	Red & Blue/White	—
Microphone	Yes	Yes	Yes
Speaker	Yes	Yes	—
Analytics	Person or vehicle detection with regions & line cross		
Cloud Storage	1,000 clips		

Flexible Solutions for Commercial Applications

VUE 5MP Cameras are built to meet the expectations of dealers and integrators who traditionally rely on commercial camera manufacturers. With higher resolution, advanced analytics and active deterrence features, the VUE line delivers a more robust video solution while remaining fully aligned with DMP systems and workflows.

VUE 5MP Camera Models

DOME

V-7051-D

A discreet, vandal-resistant option well suited for indoor or protected outdoor commercial installations where a lower profile is preferred.

- 5MP resolution
- PoE or 12VDC power
- Integrated microphone
- Person and vehicle analytics

BULLET

V-7051-BD

Best for outdoor and perimeter installations where wide coverage and active deterrence are required. Ideal for parking lots, building exteriors, and high-traffic commercial environments.

- 5MP resolution
- PoE or 12VDC power
- Integrated microphone and speaker
- Red and blue or white deterrence lighting
- Person and vehicle analytics

TURRET

V-7051-TD

Designed for flexible mounting and easy adjustment in dynamic environments. Turret cameras provide strong low-light performance and active deterrence for entrances and interior commercial spaces.

- 5MP resolution
- PoE or 12VDC power
- Integrated microphone and speaker
- Red and blue or white deterrence lighting
- Person and vehicle analytics
