Version 713 Update

Updated Version 713 (2/11/22) firmware is now available on Dealer Admin (dealer.securecomwireless.com).

Effective March 21st, 2022, all XT30INT, XTLplusINT, and XTLtouchINT Series Panels are being manufactured with updated Version 713 (2/11/22) firmware.

Panel Features

Improved User Code Change Reporting

With updated Version 713 (2/11/22) firmware, any time a user code is added or changed, encrypted user code information is sent to the Monitoring Center receiver. This can be done from Dealer Admin, the Virtual Keypad App, and from the keypad.

Obtaining the New Firmware

XT INT Series firmware updates are available, free of charge, on Dealer Admin (dealer.securecomwireless.com) or for download from DMP's Product Software Downloads.
