

Version 107 (6/12/23) Update

Updated Version 107 (6/12/23) firmware is now available for 1132 Recessed Contacts.

Low Battery Alert Update

Due to a new battery chemistry, 1132 Recessed Contacts would show low battery within hours of being installed. As of May 26th, 2023, all 1132 Recessed Contacts began using a new manufacturing process to rectify this.

Obtaining the New Firmware

1132 Recessed Contacts with Version 107 firmware can be ordered by contacting DMP Customer Service at 1-866-266-2826 or by visiting buy.dmp.com.

Existing devices with prior versions of firmware can be updated to the newest version by following the standard DMP process for repair.
